

Camp Invention®

WHERE

BRIGHT IDEAS

COME TO LIFE

TWICE THE DISCOVERIES, TWICE THE FUN!

At Camp Invention®, we bring hands-on STEM experiences to children across the country. This summer, double up with TWO WEEKS designed to spark creativity and build confidence as campers bring their brightest ideas to life.

WEEK 1:

ILLUMINATE

Young innovators will:

- Team up to investigate the science of sports ball design and personalize a light-up board game
- Customize a Glow Box while discovering the science of illuminating inventions and glowing animals
- Embark on an epic adventure to solve real-world water challenges around the planet
- Transform their big ideas from initial sketches to working prototypes using everyday items

WEEK 2:

EXPLORE

Young innovators will:

- Create a habitat for a robotic aquatic animal and a symbiotic friend in a mini tank
- Construct Spacepacks and Astro-Arm devices for traveling beyond Earth's atmosphere
- Combine science and art to build their own spinning robotic artist and make unique masterpieces
- Engineer a mega marble arcade complete with incredible twists, turns and obstacles
